

Mayfield Preparatory School

Believe it! Achieve it!

13th January 2023

Dear Parents / Carers

I would like to make you aware of an opportunity for your child that is happening in school during our Music lessons this February. Performance and appreciating others performing is a key part of the Music Curriculum at Mayfield and all children, from Transition upwards, who have music lessons to learn a musical instrument either in school and outside school, have the opportunity to showcase their musical skills and are invited to perform to their peers this term, during their normal Music Lesson.

Performances will happen on 1st, 2nd, 3rd, 8th, 9th, and 10th February, dependant on when your child's Music lessons are timetabled. If your child is talented enough to play multiple instruments, please can they choose which instrument they would like to play as we only have enough time for one performance per pupil. Unfortunately, as this is part of our school music lessons we are unable to accommodate parents at these performances.

If your child would like to perform to their peers please complete the form, via the link below, before Thursday 26th January. The link is also available via your child's TEAMS channel.

Thank you for all your support.

Many thanks,

Mrs Gerighty

Director of Music
